

**Alutica\_Santa Beard Tension Hook**  
**Item#: HH028**

- Outdoor & technical gear: Ideal for backpack waist straps, shoulder strap adjusters, and compression systems.
- Anti-Slip Design: Engineered with a zero-slip mechanism to ensure maximum webbing security and stability under tension.
- Ready for your laser-etched private label detail.

**Alutica\_Tilt Head Tension Lock**  
**Item#: HH145**

- Securely holds the webbing while being easy to control the length of the webbing.
- Designed with a minimalist, slim-fit profile, the hardware avoids unnecessary bulk, ensuring a clean aesthetic and seamless integration into low-profile gear.
