

ALUTICA_CUBE PULLER (REGULAR) (ZL052 | ZL115)

- The smooth metal surface and defined edges provide a satisfying feel when gripped.
- Precision-machined with a striking geometric form, this puller offers architectural aesthetics and guaranteed metal durability.

ALUTICA TILT HEAD: CLIP HOOK (HH046)

- Manufactured using aircraft-grade aluminum, ensuring maximum strength and reliable performance without unnecessary weight.
- The tilt-head design allows users to quickly attach or release the hook with a single hand.
