

HARDSHELL LUGGAGE

EXCLUSIVE

Built with 70% recycled polycarbonate, the Herschel Heritage™ Hardshell Luggage is impact-resistant and tough enough to handle all the journeys you're taking.

**HERSCHEL CARRY ON LARGE HANDLE
& HERSCHEL HANDLE GRIP**

1 HERSCHEL HANDLE

ITEM: PY9510R86R67_2

- Precision-engineered for reliability: fast deployment, confident stability, and minimum friction.

2 ICEBREAKER WHEEL WITH BIKE TREAD WHEEL 80

ITEM: WR002C + WHL032

- The optimized, short-body housing minimizes protrusion and bulk, ensuring maximum compatibility across various small-form-factor and carry-on designs.
- Engineered specifically to deliver class-leading ground clearance for an 80mm wheel, ensuring smoother travel over rough terrain and reducing impact damage.

3 RAIL (SR074/ SR075)

ITEM: SR074/ SR075

- A luggage rail component made from robust PP material and offered in various colors.
- The low-profile, clean geometry of the rail minimizes bulk while maximizing durability, serving as a robust secondary buffer for the main chassis.
