Item # PY6703R60R25

Customized logo available

2-section and 3-section
with customizable handle
length available

Comfort hex rubber

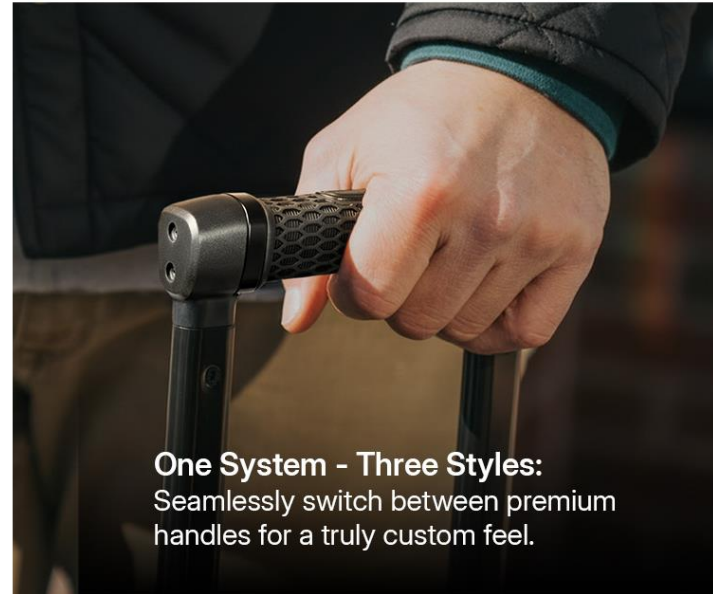

Description

Durable telescopic aluminum construction: High-quality aluminum tubes ensure stable operation and long-term durability for frequent use.

Ergonomic anti-slip rubber grip: Hex-texture rubber surface provides comfortable handling with a premium, non-slip feel.

Flush push-button safety design: Prevents accidental extension or retraction during movement and transport.

OEM customization supported: Available anodized color options and logo branding on tubes to match brand identity.

One System - Three Styles:
Seamlessly switch between premium
handles for a truly custom feel.
