

SHORTY GATE KEEPER TENSION HOOK

ITEM #HH310

**SMALL BY DESIGN.
STRONG BY DEMAND.**

↑ 20mm (100kgf),
↓ 25mm (70kgf)
↓ 38mm (100kgf)

Some spaces just don't have room for compromise. The Shorty Gate Keeper is precision-machined to fit where standard hooks can't — without giving up a single kilogram of strength. Gate keeper mechanism snaps open, locks tight. Every time. Laser-etched branding that outlasts the product cycle. Three widths. One standard of quality.

ENGINEERED FOR THE TIGHTEST SPECS. BUILT FOR THE LONGEST HAULS.
